

Greater Noida – The Hub of Indian Corporate

Dear PGDM/MBA Aspirants,

There is a mad scramble in Greater Noida, amongst all leading corporate, to set up their high rise office buildings here. It makes sense, as Formula One Race Course is here; huge land reserve; good broad roads matching the US of A; electricity-water supply; zero pollution and no traffic snarls. The rich of the north have begun to prefer housing in this new micro-city, with a population already touching 5 Lacs.
